Mr. Trujillo said he and Ms. Artiaga did have a discussion on the above item. Mr. Trujillo said this discussion included building a fire station and a park in Sausalito Estates. The County owns land on a bluff with half the land going down the hill on the bluff and Ms. Artiaga was proposing to consider trading land that she owns on the flats and then start the process for a sub-station of the Jarales-Pueblitos Fire Station. Mr. Trujillo said this is for Commission consideration. Chairman Trujillo asked Vice-Chairman Gentry to take over at this time as this item was in his District. 7. ACTION ITEMS

a. Update of County Zoning Map (tabled January 20, 2006) – Ruben Chavez (See Exhibit D) (See Map on File Cabinet J Page 648)

Mr. Chavez stated at the last meeting the Commissioners expressed concerns as to the colors and went back and did the request on the zone changes. There are not many choices in our color scheme but we were able to create hash marks to differentiate the changes. Mr. Chavez presented the zone change report list and the Commission has already ratified through the facts and findings and conclusions of law so we are here to transpose those actions to the official zoning map.

Mr. Trujillo said we typically update the zoning map once a year, for future maps, after a Public Hearing Meeting, we will provide a small map of the area with a signature block along with the facts and findings and conclusion of law. Discussion ensued. Commissioner Kirkham moved for approval. Seconded by Commissioner Gentry. Motion carried unanimously.

b. Request to Publish:

1) Ordinance 2006- ____, " An Ordinance Relating to County Roads, Setting Design Standards, Procedures for Working In, Disturbing & Repairing County Property & Rights of Way, Courtesy Grading, Acceptance for Road Maintenance, Vacation Procedures of Public Roads, Speed Humps, and Setting Forth Penalties for Violations" – Mike Trujillo, Cynthia Wimberly (See Exhibit E)

Mr. Trujillo said the Commission has discussed updating the County Road Ordinance. The request has been to propose from page 3 to page 19 what was covered under a previous adopted policy on one page. We basically have no road specifications that we impose now, as we start to develop, we have to have minimum standards of types of materials for road base, to cut into a road, improve fees, courtesy grading, and setting forth penalties for violations. Commissioner Gentry moved for approval to publish. Seconded by Commissioner Pinkston. Discussion. Ms. Wimberly said this represents a change from our current standards, there is one issue that we discussed and it is in the Commissioner's privity to decide what you want to do. We did put in standards for graveled roads and paved roads, but when do we require paved roads? Ms. Wimberly suggested a workshop to identify some of these issues. Motion carried unanimously.

Mr. Trujillo stated due to an increase in need for a full time County Attorney, we are at the stage in our growth that staff is asking more of our current attorney's time so by approving this budget adjustment we would advertise for an in house attorney. Mr. Oliver said Wexford offered the Adult Detention Center a proposal agreement for 90 days, an interim time period for assessment by both Wexford and the County; and that the County would 1) indemnify the company and its staff, whether employed or subcontracted, 2) pay all actual costs related directly or indirectly to the service delivery that would include the provider hourly rate, and other costs which are attributable to the Valencia operation, 3) allow the telemedicine and use of the county's video arraignment equipment for such encounters would be a reasonable option or substitution for on site care as arranged, 4) pay for off site services directly, 5) pay Wexford a

management fee of \$10,000 per month during the term of the interim agreement. Discussion ensued. Commissioner Andersen moved for approval of a 90-day period but would like to see before it is brought back to us a letter from the Association of Counties which shows us specifically what our insurance premiums, how it might impact our risk and what we are going to be paying.
